

[DUOLITE 10X10]
6mm 10" x 10" GLASS DUOLITE

6 mm (1/4") thick 10" (254mm) x 10" (254mm) Duolite glass for the IE11C type valve cabinets. The Duolite glass is a double pane glass with an adhesive centre that holds the glass if broken. The Duolite glass is a stronger pane of glass than the standard glass and is used primarily in Medical Centres or sport complexes where risk for breakage may occur.
