

[DUOLITE 20X5]
6mm 20" x 5" GLASS DUOLITE

6 mm (1/4") thick 20" (508mm) x 5" (127mm) Duolite glass for the IE100R type extinguisher cabinets. The Duolite glass is a double pane glass with an adhesive centre that holds the glass if broken. The Duolite glass is a stronger pane of glass than the standard glass and is used primarily in Medical Centres or sport complexes where risk for breakage may occur.
