[HOSE REEL COVER]
FLUORESCENT COLOUR HOSE REEL COVER

The HOSE REEL COVER slips over the 1E7-24"P hose reel to protect the hose, nozzle & swing rack from the elements and keeps it covered from any dust. The cover is made of UV & Ozone resistant material and has a highly visible fluorescent colour with bold lettering (English or French) on both sides. The cover is easily removeable and made with Velcro fasteners. Please specify English or French for wording.
