[HOSE REEL COVER 26]
FLUORESCENT COLOUR 26" HOSE REEL COVER

The HOSE REEL COVER 26 slips over the IE7-V5 hose reel to protect the hose, nozzle & swing rack from the elements and keeps it covered from any dust. The cover is made of UV & Ozone resistant material and has a highly visible fluorescent colour with bold lettering (English or French) on both sides. The HOSE REEL COVER 26 is easily removeable and made with Velcro fasteners. Please specify English or French for wording.
